About This School

Kimball School was built in 1941 on the west side of National City, it is nestled in a mixed use community. It is surrounded by a community that is supportive of the success of our students. In 2012 Kimball School launched the first year of a 50:50 Dual Language Spanish and English Program. Our expectation is to have our students reading, writing and speaking in both languages. Upon entering Kimball you will notice a welcoming atmosphere as well as an aesthetically pleasing building. There are hardwood floors in the main building and a state of the art kitchen. There are two separate playgrounds one for primary and upper grade students. The school currently has a population of 400 students.

Principal's Message

The teachers, staff, and parents of our school community believe that all students can be successful in a challenging and engaging curriculum. Kimball School is committed to forging new pathways in education to create confident bilingual, bi-literate students, who will lead the way in developing a strong economic community in the 21st century!

The Dual Language Program was established in 2012 and will continue to increase by one grade level each year until it is offered Kindergarten through sixth grade in the year 2018.

Mission Statement & Core Values,

In a community of shared values, we the parents, staff and community of Kimball School strive to create lifelong learners, of high character who meet the district and state standards through quality standards based instruction. We know that students come first relationships matter and we do whatever it takes to work successfully and provide our students with a high quality standard based instruction.

A. Conditions of Learning State Priority: Basic
